

# Flu Shots - 2017

- Only for patients of East Wellington Family Health Team (by appointment)
- Please call for appointment or sign up to communicate by email  
<http://www.ewfht.ca/emailContact.html>
- Please advise our office if you have received your flu shot somewhere else so we can update your health records
- There are two vaccines being distributed by public health-one for 6 months of age to 17 yrs and one for 18 yrs+ due to there being one strain that may affect children and young adults
- Must complete screening questionnaire
- Must wait 15 minutes after flu shot to ensure no adverse reaction
